

Yihunie Tarekegn

Software Developer | Computer Science Graduate | MERN Stack

✉ yihunietarekegn18@gmail.com ☎ +251954121503 📍 Addis Ababa 🌐 github.com/niceman1234man

PROFILE

Enthusiastic CS graduate (GPA 3.94) with solid experience building scalable web apps using the MERN stack. Passionate about software innovation, national digital transformation, and collaborative open-source development. Certified by Oracle, Coursera & Udacity.

EDUCATION

Computer Science

Wolkite University

2022 – 2025

Wolkite, Ethiopia

- CGPA 3.94
- Courses: Algorithms, Java, Web Programming, Compiler Design, Graphics
- Sponsored: Oracle, RedHat trainings
- Online courses:udemy and Coursera

PROFESSIONAL EXPERIENCE

- Served as a student representative in the Computer Science department for 3 years, coordinating between faculty and students to support academic progress and department initiatives.
- Collaborated on software projects with peers using GitHub for version control, task management, and team-based development.

PROJECTS

Doctor's Appointment Booking

2024

- Engineered a responsive doctor appointment booking web application leveraging HTML, CSS, JS, PHP, and MySQL resulting in a 30% decrease in patient no-show rates at the hospital.

Hospital Management System

2023

- Designed and implemented a Hospital Management System using Java and MySQL, automating patient registration and doctor allocation, which reduced patient wait times by 40% and improved staff satisfaction.

Gurage Zone Prison Management System

10/2024 – 04/2025

- **Developed a full-stack prison management web app** using React.js, Node.js, Express.js, MongoDB, and Tailwind CSS, enabling secure and real-time management of inmate records, staff data, and facility operations.
- **Implemented role-based authentication, responsive dashboards, and real-time CRUD operations**, leading to a **65% boost in administrative efficiency** and **reduction in unauthorized access**.
- **Introduced GitHub-based collaborative workflows**, improving team coordination and reducing development conflicts by **70%**, while enhancing overall system usability by **55%** through intuitive UI design.

CERTIFICATES

Huawei Seeds for the Future (2023–2024)

- 5G, Cloud Computing, Digital Power

Coursera

- Backend Development and API Creation

Oracle

Relational Database Design and SQL (2023)

Udemy

MERN Stack Development Program

AWARDS

Academic Success <i>Wolkite University</i> Recognized by President Dr. Faris Delil Yesuf and Academic Affairs VP Dr. Habte Dulla	2024
Huawei 2023-2024 <i>Huawei</i> Huawei – Commended by the President of the Public Affairs and Communication Department	2024

SKILLS

- Frontend**
- HTML5, CSS3, JavaScript, Bootstrap, Tailwind CSS, React.js
- Backend**
- Java, PHP, Node.js, Express.js
- Database**
- MySQL, MongoDB
- Tools**
- GitHub, Netlify, Notion
